**STUDIO STYLE**

Taylor Howes designed a 5,000sqft design studio in the heart of Knightsbridge. Taylor Howes converted this ex-Aston Martin garage into an elegant showcase of their interior design services. This London space presents a snapshot of the beautiful design work that Taylor Howes produces for clients, as well as providing an inspiring setting for the team to work in.

*The Taylor Howes Studio, Knightsbridge, was designed by Taylor Howes and completed in September 2015.*
